Voting Information is provided in Spanish as required by Section 203 of the Voting Rights Act of 1975. Sección 203 de la Ley del Derecho al Voto de 1975 requiere que la información sobre la votación esté disponible en español.

Three Ways To Vote 1.2.3

1 MAIL-IN VOTING

- Registered voters can request a Mail-in ballot for this election or request to be placed on the Permanent list to vote by mail in every election.
- Ballots will begin to be mailed 45 days before Election Day to voters who requested them by 60 days before Election Day, and will continue roughly in order requests are received.
- To apply to receive a Mail-in ballot, voters can text VBM to 77788, visit 777vote.org, email absentee@montgomerycountymd.gov, or visit the Board of Elections at 18753 N. Frederick Avenue, Suite 210, Gaithersburg, Maryland 20879.
- Sign and date the oath before returning the ballot. Mail-in ballots without signed oaths will NOT be counted. Sign the oath, not the ballot! Signed ballots will not be counted. Return your completed Mail-in ballot to any official Montgomery County election drop box (see pages 4 - 5 for locations) or return it via the U.S. Postal Service.
- If you are returning a voted Mail-in ballot via USPS in the last week before Election Day, to assure that your ballot is considered timely, please take it to the Post Office to be hand-postmarked by Election Day by a U.S. Postal Service Clerk.
- Voters who have already requested a Mail-in ballot and decide to vote in person will be required to vote a Provisional ballot at the polls. Save time and hassle by returning your mail-in ballot. You can return it in person at any voting location.

Mail-In Ballot REQUEST Deadlines

- Mail-in ballot applications must be received by:
 - ♦ **Tuesday, June 16, 2026:** If you request your Mail-in ballot delivered by Mail/Fax.
 - ♦ **Friday, June 19, 2026:** If you request your print-your-own Mail-in ballot delivered via Internet.
 - If you request a print-your-own ballot that is delivered by Internet, you must print your ballot and provide your own return envelope and postage (or return your ballot to a drop box or in person). Once received at the Board of Elections, these ballots are hand-duplicated by bipartisan teams onto official ballots for scanning.
 - ♦ **Tuesday, June 23, 2026 (by 8PM):** If you pick up your Mail-in ballot in person at the Board of Elections office in Gaithersburg.

Mail-In Ballot RETURN Deadlines

Mail-in ballots must be returned to the Board of Elections in one of these ways:

- **Mailed and postmarked by Tuesday, June 23, 2026**, if returned by U.S. mail (Post offices generally close **by 5PM**). Due to U.S. Postal Service changes, we urge you to mail your ballot as early as possible to assure a timely postmark and timely delivery.
- **Tuesday, June 23, 2026 (by 8PM)** if deposited in one of the 58 official Montgomery County drop boxes. See pages 4 - 5 for Drop Box locations.
- For the location and availability of a nearby drop box and/or post office, text BOX + your location's Zip Code to 77788 (Example: BOX 20879).
- **Tuesday, June 23, 2026 (by 8PM)**, if returned in person at the Board of Elections office in Gaithersburg or at your Election Day polling place.

Three Ways To Vote 1.2.3

2 2026 EARLY VOTING CENTERS

Thursday, June 11 - Thursday, June 18 (7AM - 8PM)

Registered voters and those eligible for same-day registration may vote at any one of Montgomery County's 14 early voting centers (see pages 6 - 7 for early voting center locations).

- Same-day registration will be available if you bring a current Maryland driver's or learner's permit, Maryland identification card, or other proof of residence (Example: change of address card, paycheck, bank statement, utility bill, or other government document that includes your name and address to prove where you live). To avoid delays, vote on Saturday or Sunday at any of the 14 early voting locations. The longest wait times are usually on the last day of early voting.
- For nearby early voting locations, driving directions, and wait times, text EV + Zip Code to 77788 (Example: EV 20879).
- Wait times at each early voting center are posted on the Board of Elections website at [777vote.org](https://www.777vote.org).

Early Voting Centers

During the early voting period, you may vote in person at any one of Montgomery County's 14 early voting centers. Each site also will have a drop box for receiving Mail-in ballots.

The shortest lines are usually during the weekend. The longest lines are usually at the start of the first day and the last three hours on the last day.

Before you are given a ballot, an Election Judge will ask you, "Would you prefer to mark your ballot using the ballot marking device, or by hand using a pen?" Either way, you'll have a paper ballot with your choices to insert into the scanner.

Thursday, June 11 - Thursday, June 18

7AM - 8PM

To vote in Montgomery County in the primary election, you must be a U.S. citizen, a Montgomery County resident, register to vote by **Tuesday, June 2, 2026**, or in person during early voting or on Election Day, and be 18 years of age by General Election Day on **Tuesday, November 3, 2026**.

Same-day registration is available during both early voting and on Election Day if you bring a Maryland driver's license, or learner's permit, Maryland identification card, or other proof of residence (for example: change of address card, paycheck, bank statement, utility bill, or other government document that includes your name and address to prove where you live). If you moved, you can update your address during early voting. An election official will help you change your address and give you the ballot for your new address.

Election Security

Our Voting Equipment Is Not Connected to the Internet

Neither the Ballot Marking Device nor the digital scanner that counts your ballot is ever connected to the Internet. Each scanner has been certified by the U.S. Election Assistance Commission. The Montgomery County Board of Elections tests every scanner to ensure that it counts accurately before sending it to the polls. The Montgomery County Board of Elections follows strict chain of custody procedures and audit results after Election Day to make sure the scanners were not tampered with.

Backup Systems Are in Place to Protect Election Results

There are several backup systems in place to protect the validity of election results. First, results are printed on paper at each polling place. Second, a digital scan of each ballot is stored on a removable drive. Third, the paper ballots themselves can be used in an audit or recount, as they were during the 2018 and 2022 primary election recounts. There are also backup systems for voter registration. Notices are mailed to voters for every change, and each polling place has a paper list of voters. Anyone who disputes his or her voter registration can cast a provisional ballot, and election officials will determine after Election Day whether the ballot was validly cast and will be counted.

We Are Looking Out for Your Safety

A dedicated bipartisan team of professionals and volunteers preserve the chain of custody of your ballot and the voting data. All employees receive background checks and thousands of election workers of different party affiliations work together to ensure election integrity. The safety and security of election workers and voters is our priority, and we continuously work and coordinate with the Montgomery County Police Department and other relevant agencies to provide a safe voting experience.

Election Results Are Not Confirmed Immediately, and Mail-In Ballots and Provisional Ballots Continue to Be Counted AFTER Election Day

The results reported and any races called by the media on election night are not final. The election will not be certified for at least two weeks after Election Day, until all Mail-in and provisional ballots are counted. This allows time to audit the results, investigate complaints, and make sure every vote counts. If you return your Mail-in ballot early, it will be processed before Election Day. Election officials will start processing received ballots on Monday, June 1, but no results are tabulated before the polls open at 7AM on Election Day, Tuesday June 23, nor released until the polls close that day at 8PM. Montgomery County may take longer to announce final results because there are more voters, usually more Mail-in ballots, and more print-your-own Internet-delivered ballots (that must be hand-duplicated) than in other Maryland counties. All validly cast ballots will be counted, whether or not they will change the results.

VOTING ACCESSIBILITY

Voters With Disabilities

Maryland's Voting System offers features for accessibility. Please ask the Election Judge about your options. At least one touchscreen ballot marking device will be available at each site with large-print, high contrast, Braille, and audio capabilities. Each ballot marking device has a keypad that allows voters with visual impairments to navigate the ballot and make their choices.

Language Access

As required by Section 203 of the Voting Rights Act of 1975, the ballot marking device offers both visual and audio instructions in either English or Spanish as selected by the voter. Interpreters are available to assist voters who speak Spanish while additional language assistance options are available to speakers of other languages determined by the State Board of Elections through the new Language Assistance Program. The Board of Elections is committed to serving all County voters, including limited-English speakers. Poll workers are trained and have access to various language resources to assist with communication in Amharic, Chinese, French, Korean, Spanish, Vietnamese, and other languages.

ELECTION WORKERS NEEDED!

An election judge is a registered Maryland voter who volunteers to assist voters during early voting and on Election Day. The role of an election judge is to ensure fair and accessible elections for all voters and to protect the integrity of the election process.

- Due to the diversity of languages spoken within the County, bilingual election judges are needed.
- Election Judges who are fluent in both English and Spanish are especially needed in each polling place to meet the requirements of Section 203 of the 1975 Voting Rights Act and the Language Assistance Program established by Title 15.5 of the Maryland Election Law Article.
- Election workers will earn a minimum \$250 stipend per full day. If you served at a polling place during the 2024 elections, you also will receive a \$100 bonus per full day served (\$50 for half-day shifts) during early voting and on Election Day. To apply, text SERVE to 77788, or visit the Board of Elections website, 777vote.org.

HIGH SCHOOL ELECTION WORKER PROGRAM (16 & OLDER)

The Montgomery County Board of Elections Future Vote Student Election Worker Program provides high school students with an exciting opportunity to serve as election workers.

Volunteers may choose

to earn up to 25 Student Service Learning (SSL) hours or a minimum \$250 stipend per day of service along with a great hands-on introduction to the democratic process.

REQUIREMENTS:

Interested students must meet the following requirements to participate as a student election worker:

- Must be at least 16 years of age by the time of registration
- U.S. Citizen
- Registered to vote in Maryland
- Must have parental consent for workers under 18 years old

For additional information: visit 777vote.org, then select "Election Workers", then select "High School Poll Workers". To apply, text SERVE to 77788, or visit the Board of Elections website, 777vote.org.

FUTURE VOTE AMBASSADORS!

Students, grades 6-12, are needed to serve as student aides (election pages) at polling places. Serving gives students their first exposure to the actual logistics of the democratic process in the United States. Students leave the program with experience in how elections are set up and a greater understanding of and trust in American democracy. Student election aides are not offered any monetary compensation, but they are given Student Service Learning (SSL) hours for every hour they work. To apply, visit 777vote.org, then select "Future Vote", then select "How to Sign-up", (Deadline: May 26, 2026) or text FV to 77788.
